

Cholla District Network News

Vice Mayor Manny Martinez, City of Glendale

February 6, 2009

ITS North Area Fiber. The Glendale Transportation Department recently began construction on a project titled “ITS North Area Fiber” within the Cholla District. This project will install approximately 11 miles of new fiber optic cable in existing and new conduit on Union Hills Dr, Deer Valley Road, 75th Ave., 67th Ave., and 59th Ave. The fiber optic cable will facilitate communications to 24 existing signalized intersections enabling them to be integrated into the City’s existing central signal system.

Communications to a traffic signal allows city staff to more quickly deploy new signal timing or respond to short term events that disrupt traffic flow such as crashes or construction projects. The fiber cable also has additional communications capacity that will eventually accommodate other City departments including the fire department, the utilities department and information technology.

Construction methods will limit the use of barricades and lane closures, and most locations will not have any traffic restrictions. The anticipated construction completion date is July 21, 2009.

Glendale’s Chocolate Affaire This Weekend. Historic Downtown Glendale will be a chocolate lover’s paradise Feb. 6-8, as the 14th annual Glendale Chocolate Affaire celebrates with music, romance and an abundance of that sinfully delicious confection, as well as free admission and free parking!
